Re: Incessant Retaliation and Harassment.

Dear Clerk:

I am writing to inform your Honorable Court of the continual onslaught of retaliation and harassment I'm being subjected to endure here at U.S.P. Coleman for filing this action in your Honorable Court!

The law clearly states that it is unconstitutional for any governmental agency to retaliate against any person for exercising my constitutionally protected right to address the Honorable Courts!

Enclosed is a motion and affidavit to Order Defendants to refrain from forcing inmates in Plaintiffs cell to create conflict as a form of retaliation and harassment!

Dated: 11.01.04

cc.

Sincerely,  
Mr. Washington

C.A. No 04-11868-JLT

On 10.29.04, at approximately 1:30 PM, officer Guillemineto placed an inmate in my cell whom informed Guillemineto that he did not wish to cell with me! The inmate informed officer Guillemineto that he would like to cell with a friend from his state that he will get along with, which is normal procedure in Special Housing, and reduces the risk of tension, conflict, and assaults!!!

However, officer Guillemineto lied to the inmate that he would place him with another inmate from Florida. The inmate was then brought from the holding cell and in front of my cell. I was told to cuff up that I was getting a cellie. Though myself and the other inmate was reluctant because of a past verbal confrontation as cellmates I was nonetheless forced on us both!!

For officer Guillemineto conned to officer Mr. Mums that he wants me to refuse so he can write me up and stop my halfway house! He is often very belligerent, threatening, and gives me hateful stares! I fear for my safety! P!
